

The image shows the front cover of an antique book. The cover is decorated with a marbled pattern in shades of brown, tan, and black. The marbling has a swirling, flame-like appearance. The edges of the cover are worn and damaged, with the underlying material exposed in several places. In the center of the cover is a rectangular label with a cream-colored background and a thin red border. The label is divided into three horizontal sections by two red lines. Each section contains a large, green, serif number. The numbers are 13, 14, and 15, arranged vertically from top to bottom.
